## **UPDATE ON NORTHERN AVENUE DRAINAGE OVERLAY PROJECT**

**GLENDALÉ, Ariz.** -- Work on Northern Avenue from 43rd to 65th avenues for a drainage overlay will begin July 5. The overlay consists of removing existing asphalt, and applying a base layer of asphalt, topped by a rubberized surface layer onto the road surface. This process requires brief restrictions in traffic flow while the activity crosses side streets and driveways. Police officers will be on-site to assist in the movement or temporary stopping of traffic.

As the milling/paving process passes through the major intersections at 51st and 59th avenues, the intersections will remain open. However, as equipment passes through the intersection, officers will manage and, at times, stop traffic to accommodate the paving activity. Delays can last approximately 20 minutes, so drivers are encouraged to plan their travel accordingly. Business access will be maintained as much as possible during these activities.

The overlay process on Northern Avenue will be conducted in three segments as follows:

- 43rd Avenue to 51st Avenue – tentatively scheduled for July 5-25
- 51st Avenue to 59th Avenue – tentatively scheduled for July 25-Aug. 15
- 59th Avenue to 65th Avenue – tentatively scheduled for Aug. 15-Sept. 5

For more information, please call the project hotline at 1-877-203-0042 or visit the city restrictions/closures page on the Glendale Transportation website at
